Lamentation 3:21

My name is **Gusztáv Danó**, I'm married and have four wonderful children. I am certified in social care and cookery. I am of Roma origin. Both my wife and I serve in the church. I consider myself a passionate servant of our Lord.

COMMUNITY

I serve the Lord in three communities within Hungary in Nyírbogdány, Tiszarád, and Semjén in Borsod county. The number of participants in these groups is between 20 and 30 people. There are members of my age but younger people and children also attend our home groups. Sometimes we can hardly fit in the building as we hold the meetings in a private house. I regularly visit families, care about people spiritually and pastor them.

FAMILY BACKGROUND AND LIFE PATH

My family background wasn't that adequate as a child, My father was an alcoholic therefore it was a quite difficult phase of my life. My parents were quarrelling every single day. My wife and I turned to Jesus in 1994 and ever since our lives have changed for good. My parents have also converted after we decided to accept the Lord in our hearts. They passed away many years ago and are now with the Lord. We are constantly praying for our four children too to know their Redeemer, I had a stroke two years ago, but glory to our God, the Lord restored me and my health.

MINISTRY AND PLANS

My plan is to reach as many people as possible with the Word of God and to see the difference the Lord is making in people's lives. I am very committed to restoring family relationships and marriages. I believe that when the family is strong, the

community is strong. I want to see a generation of young people grow up and burn for the Lord. My main goal is to show people the love of the Lord and the power of His Word to make a difference in people's lives. Surely, we are experiencing difficulties, and I am not saying that all these problems are perfectly solved. Ministering Roma people is a great challenge, and it can only be done with a willing heart. We meet people on a daily basis who lack clothes, firewood, and even food. I know that I serve a powerful God who can give abundance to His people in the wilderness.

CTL PROGRAMME

I believe this programme helps me deepen my relationship with the Lord and will give me adequate and comprehensive knowledge on the Word of God. I want to be credible and well-prepared for my sermons. God has already taught me a lot during these courses and I want to teach those things I just learnt from Him. I want to see people becoming good servants and disciples of the Lord,
